

If you are using a PC:  
Click on the sites that are labelled on the aerial view and a 360° webcam view will appear in the bottom window. Then use the 'stop' and 'start' buttons at the bottom of the page to pause and restart the moving webcam image.

If you are using a Mac:  
Click on the moving webcam image to stop it, then drag your mouse across the image to move the 'camera'. Click on the footstep icons to jump to a new location.

**2** Cliquez sur Place Granvelle

From the following list, circle two of the directions it is possible to take from Place Granvelle:

Mairie      Pont Battant      Place Victor Hugo      Pont de la République

Now find and circle or highlight Place Granvelle on the town map on the previous page.

**3** Cliquez sur Chamars

*If you are using a Mac, click on **Mairie**, then click on **Chamars**.*

Chamars is the name of what place:

a restaurant      a park      a department store

**4** Cliquez sur Pont Battant

*If you are using a Mac, click on **Quai Canot**, then **Pont Battant**.*

Have a look at this location, then Cliquez sur Pont de la République.

*Mac users, go via **Parc des Glacis (Sud)***

Make a list of some of the differences between Pont de la République and Pont Battant.

---

---

Circle or highlight Pont de la République and Pont Battant on the town map.

What do you think pont might mean? \_\_\_\_\_

Have you worked out what cliquez sur means? \_\_\_\_\_

You could have a class discussion about your observations. What do you notice about the height of the buildings? On which side of the road do cars drive?
